

Praying for **El Salvador**

CBM partners with Enlace to equip churches and communities in El Salvador to address needs like building latrines. Having a latrine in each home reduces the rate of intestinal disease by 40%, water pollution by 80%, and improves safety for women and children. Ademir's family (pictured) benefited from building a latrine and he now helps to provide latrines for others in his community.

Get Involved!

- **Support financially:** Collect the money in the Outhouse Box! One way to collect money: Every time someone in your family goes to the wash room charge them a dime. Collect the money in your outhouse!
- Consider joining a future team to build latrines.
- Pray!
- Table Talk:
 - Why does Ademir help build latrines for people in his community?
 - Why do we help people that live so far away?
 - How does collecting money help the people of El Salvador?

How is God good? He cares about the little things – even where we use the bathroom! *“The Lord is good to all; he has compassion on all he has made.”* Psalm 145:9

Ways we can pray for El Salvador, Ademir & his family:
