

Praying for **India**

CBM began a project in January 2019 to empower women, youth and children in India through teaching women and youth skills to help secure employment, and children receive tutoring to help them improve in school. Arjun is a young boy who receives tutoring while his mom is taught how to raise goats so she can help support the family. Their community is very poor and it is difficult for women and youth to find employment.

Arjun is a young boy who receives tutoring while his mom is taught how to raise goats so she can help support the family. Their community is very poor and it is difficult for women and youth to find employment.

Get Involved!

• **Fundraising:** In Lesson 1 we learned about the work CBM is doing to build latrines in El Salvador so that communities can have healthy and safe places to use the washroom. Every time you fill your water bottle or a cup with clean water, thank God that your water is safe and put a coin in your outhouse!

- Pray!
- Table Talk:
 - Why do women and youth need help getting good jobs?
 - How does raising goats or poultry help the family?
 - Why is it important to children like Arjun to have a tutor?

How is God good? He cares that everyone is treated fairly! "Let the nations celebrate with joyful songs, because you judge fair and guide all nations." Psalm 67:4 (CEV)

Ways we can pray for India, Arjun and his community:
